

# FAIRFAX COUNTY POLICE DEPARTMENT

## ACTIVITY REPORT

APRIL 2, 2010

ACTIVITIES REPORTED THROUGH MARCH 31, 2010

PUBLIC INFORMATION OFFICE -- 703-246-2253

---

There are three sections in this report: Section I: MAJOR INCIDENTS; Section II: PROPERTY CRIMES; and, Section III: ANIMAL RELATED INCIDENTS. Sections are appropriately identified. Within the sections, incidents are organized by station, then by type of offense. They are listed alphabetically by street address.

Addresses shown indicate blocks and not specific locations. Thus an entry showing Chain Bridge Road 4100 would mean the 4100 *block* of Chain Bridge Road, not the address 4100 Chain Bridge Road.

An asterisk (\*) before an item indicates that a news release was distributed on that offense.

**Section I: MAJOR INCIDENTS****COUNTYWIDE**

**COLD CASE HOMICIDE:** \*Fairfax County Crime Solvers is still seeking the public's assistance identifying the person responsible for a homicide that occurred 21 years ago. About 9:00 p.m. on Wednesday, March 29, 1989, 18-year-old Amy Baker was driving southbound on Interstate 95 near Backlick Road when her car experienced difficulties. Amy abandoned her blue 1970 Volkswagon Bug and walked up the exit ramp onto Backlick Road, toward the Exxon gas station. Detectives believe that her attacker confronted her on Backlick Road and forced her into the woods near the top of the exit ramp, where she was sexually assaulted and strangled. Her body, which was found two days later, was partially buried in some leaves. Detectives continue to investigate her death and would like to speak with anyone who may have been in the area at the time of the attack, or who may have knowledge of the incident. In addition to the \$1,000 cash reward offered by Crime Solvers, a \$26,000 private reward is also being offered for information which leads to an arrest and indictment in this case. Anyone with information is asked to contact Crime Solvers by phone at 1-866-411-TIPS (8477), e-mail at [www.fairfaxcrimesolvers.org](http://www.fairfaxcrimesolvers.org) or text "TIP187" plus your message to CRIMES (274637). As always, callers never have to give their names or appear in court.

**WILDLIFE:** \* The Fairfax County wildlife management program is seeking interested volunteers to join an effort to help control the growing population of Canada geese across the region. Volunteers will learn to use a safe and humane technique called "addling." Addling is a simple process that was developed by the United States Humane Society that involves applying oil to goose eggs to prevent embryo development. Learn more about the ecology of geese and their behavior, how to locate and identify goose nesting areas and how to addle eggs. Attend one of the hands-on training sessions at the Fairfax County Government Center, Conference Rooms 2/3 on Monday, April 5 at 1:30 to 3 p.m. and Sunday, April 11 and 11:30 a.m. to 1 p.m. For more information, and to register to attend a training session, contact the Fairfax County Wildlife Biologist at 703-324-0240 or email [Victoria.Monroe@FairfaxCounty.gov](mailto:Victoria.Monroe@FairfaxCounty.gov).
